Dear Friends,

There are Ronald McDonald House miracles every day. Sometimes the miracles are medical. Other times, they show in the love that embraces families through small acts of kindness from friends and strangers.

During this time of COVID-19 we are still hosting the families of critically ill children. Parents and grandparents stay with us while their children receive critical-care treatment. Although volunteer programs have temporarily ceased and meals are served differently now, we're still sharing love with children and families. Childhood illness did not stop for the pandemic, and we're committed to meeting our mission.

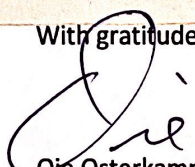

This miracle is made possible by you. Ronald McDonald House can only happen because of the love and support of friends like you. Because of your donations of money and time, parents can focus on their children's treatment without worry about where they will stay or how they will feed the family for another day. Because of you, families are embraced in a community of love, a home away from home, while their children fight big battles.

Thank you for your generous donation. Thank you for keeping families close during this important time! Please keep us in your thoughts and prayers.

Kelvin's family has stayed with us for 667 days so far during his bone-marrow transplant and recovery to treat sickle cell disease.

With gratitude,

Doreen Osterkamp
Executive Director
