Allow us to introduce you to David. David entered foster care when he was just three years old and, over the next six years, moved to several different foster homes. At age nine, still desperate for the love and support of a permanent family, he was referred by his county case worker to Children's Home Society of North Carolina. Through CHS's Child-Focused Recruitment program, David was introduced to a family who would, ultimately, become his forever family.

Thank you for your donation of a car seat and diapers to CHS. We especially appreciate tangible gifts such as yours because they provide us with items not otherwise available to our children and families.

Your generosity, and the generosity of donors like you, allows children like David to receive the care and resources they deserve to help them not just to survive, but to thrive.

Thank you for your decision to invest in the lives of children and strengthen families across the state.

Sincerely,

Brian Maness
President & CEO
